DOWNHILL BIKE PARK SEASON PASS

FREERIDE AND DOWNHILL TERRAIN

Bikers should be advised that green circle, blue square and black diamond trail designations at Seven Springs are not necessarily the same as a similarly rated trail at other parks. The system is a relative system and is only valid in this area. Bikers should work their way up, beginning with the easiest trails no matter what their ability level may be, until they are familiar with the trails at Seven Springs.

Freeride and downhill areas may contain jumps, hits, ramps, banks, drops, skinnys, rollers, tables and other constructed or natural terrain features. Prior to using freeride or downhill terrain, you are responsible for familiarizing yourself with freeride or downhill terrain and for obeying all instructions, warnings and signs. Freeride and downhill skills require maintaining control on the ground and in the air. Use of freeride and downhill terrain exposes you to the risk of serious injury or death. You assume the risk.

Be advised that all poles, flags, fencing, signage and padding on equipment, objects or other forms of marking devices are used by Seven Springs to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under Rules of the Trail to avoid all obstacles or hazards, including those that are so marked.

- No one under age 12 is permitted to ride downhill terrain.
- Visit www.ride7springs.com for park hours.

FREERIDE AND DOWNHILL TERRAIN

Seven Springs is committed to promoting trail safety. Share the trails and be courteous to others. Be aware that there are elements and risk in biking and hiking that common sense and personal awareness can help prevent. Observe the Rules of the Trail and share it with others on the trails for a great experience.

- Always stay in control and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- You must not stop where you obstruct a trail or are not visible from above.
- Whenever starting or merging into a trail, look both ways and yield to others.
- All bike riders must wear helmets.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Do not cut switchbacks.
- Prior to using any lift, you must have knowledge and ability to load, ride and unload safely.

Downhill Bike Park season pass applicants must fill out section 1A on the back of this application.
